ESSR
EUROPEAN SOCIETY OF
MUSCULOSKELETAL RADIOLOGY

SOCIETY

In June 2019, the following positions within the ESSR will become vacant.

OPEN CALLS - SUBMIT YOUR APPLICATION

Paediatric Subcommittee Chairperson - (term of office 3 years)

The ESSR Executive Committee would like to establish a new subcommittee "Paediatric" to focus on paediatric imaging. One of the goals will be especially to link to other (radiological or non-radiological) societies with similar fields of interest.

Application until February 20, 2019

* CV

* Motivation letter

send to office@essr.org

Councillors - (term of office 2 years)

The counsellors are elected by the membership and form part of the ESSR Executive Committee. They are requested to attend two face to face meetings per year on occasion of the ESSR Annual Scientific Meeting and the ECR – European Congress of Radiology.

The Executive Committee will approve the final list of all nominees. Elections will be held if the number of candidates standing for election exceeds the number of counsellors to be elected. In case of elections, the two candidates with the highest number of votes shall be considered elected by the General Assembly. The Executive Committee will select the third counsellor. The results of the election will be announced at the General Assembly.

Application until February 20, 2019

* CV

* Motivation letter

* support letters by 3 active members

send to office@essr.org

Research Committee Chairperson - (term of office 3 years)

The original objectives were to be based upon the ESSR Research Committee and comprise:

- a. the creation of an environment and infrastructure that strengthens biomedical imaging research in Europe, specifically musculoskeletal radiology
- b. the building of an imaging research network
- c. encouraging excellence in research
- d. providing the opportunity for education in research methodologies
- e. providing expertise in grant application and the development of multicentre studies

Application until March 29, 2019

* CV

* Motivation letter

EDUCATION

ESSR 2019 - Early Bird Deadline approaching (March 12)

On behalf of our society, it is our great pleasure to welcome you to the Annual Scientific Meeting of our society, to be held June 26-29, 2019, in the city's Congress Center in sunny Lisbon.

Pre-Congress Courses are already fully booked, Tickets for the Annual Scientific Meeting are still available.

The Scientific programme of the Annual Scientific Meeting will focus on "Hip and Imaging", besides other cutting-edge topics in MSK imaging. We will be reviewing the most significant advances in musculoskeletal imaging with an emphasis on the hip joint over the last 15 years and explore new innovations in our field.

Image-guided Intra- and Extra-articular Musculoskeletal Interventions

Significant advances have been achieved in musculoskeletal injection procedures during the past two decades, supported by the rapid development of imaging technology. However, these procedures require additional training and expertise not always provided in residency training programs.

This comprehensive book covers diagnostic and therapeutic intra- and extra-articular injection procedures for all joints and musculoskeletal regions. Each procedure is explained step by step, with discussion of indications, anatomy, pre- and postprocedural medications, needles, radiological equipment, patient positioning, technique, and aftercare.

EVENTS

Report from the ESSR outreach program; Skopje, Macedonia

The ESSR outreach course took place on December 14 and 15 of 2018 in Skopje, the capital of Macedonia.

The local organizer of the course was Dr. Violeta Vasilevska, Professor of Radiology and Head of Diagnostic and Interventional Radiology Department, at University Surgical Clinic „St.Naum Ohridski“ Skopje, Macedonia. The meeting was fully booked with 88 participants, mainly radiologists (general radiologists and those specialized in musculoskeletal radiology) as well as other specialists including Orthopedic surgeons, Physiotherapists, Sports physicians and Medical Rehabilitation specialists and Radiographers. This encompassed fully qualified medical professionals as well as their trainees.

Report from the 2019 Winter School musculoskeletal radiology

The 2019 edition of the MSK Winter School took place in Rionero in Vulture, a picturesque mountain town in the region of Basilicata, Italy, on the week from the 21st to the 25th of

January. The hosting venue was the Centro di Riferimento Oncologico della Basilicata (CROBS) - Istituto di Ricovero e cura a Carattere Scientifico (IRCCS).

The course was organised by Professor Giuseppe Guglielmi, from Foggia, Italy. Invited faculty joining Professor Guglielmi were Professor Mario Maas, from Amsterdam (NL), Professor Filip Vanhoenacker, from Antwerp (B), Professor Paolo Simoni, from Brussels (B), Dr Alberto Bazzocchi, from Bologna (I), and Dr Maria Pilar Aparisi Gómez, from Auckland (NZ).

More than fifty delegates joined a week of intensive musculoskeletal radiology teaching, with a comprehensive program that included a review on different topics, by joint and technique, and an introductory overview on interventional procedures.
