MSK INTERVENTION COURSE – 08:20-13:10

08:20-10:30

MSK Intervention Course – Theoretical Part (Group 1)

- 08:20 Introduction
M. Obradov, Nijmegen/NL
- 08:30 How to set up for an injection around the hip (sterile technique, should we use probe covers – what is the evidence?)
R. Prada, Vigo/ES
- 08:45 Risk of hemorrhage and anticoagulation
H. Gupta, Leeds/UK

Drugs around the hip and groin

- 09:00 Corticosteroid – what is the evidence, the risks, side effects and benefits
M. Taljanovic, Tucson/US
- 09:15 Sodium hyaluronate – what is the evidence, risks and benefits
A. Bazzocchi, Bologna/IT
- 09:30 PRP – what is the evidence, risks and benefits
J. Jacobson, Ann Arbor/US

Other techniques

- 09:45 PNT (Percutaneous needle tenotomy)
M. Obradov, Nijmegen/NL
- 10:00 Other treatments-prolotherapy, ozone, botox, traumeel
J. Gielen, Antwerp/BE
- 10:15 What to do with the patient who does not respond to their Injection
D. Wilson, Oxford/UK

08:20-10:30

MSK Intervention Course – Hands on Part (Group 2)

- A1 Anterior (Hip joint, Iliopsoas bursa, Lateral femoral cutaneous nerve of the thigh)
P. Aparisi, Valencia/ES
- A2 Medial (Symphysis pubis, Adductor tendons)
J. L. del Cura, Bilbao/ES
- A3 Lateral (Greater trochanteric bursa, Gluteal tendons, ITB)
V. Chianca, Naples/IT
- A4 Posterior (Ischial bursa, Hamstring origin, Sacro-iliac joints)
L. Sconfienza, Milan/IT
- B1 Anterior (Hip joint, Iliopsoas bursa, Lateral femoral cutaneous nerve of the thigh)
P. Alves, Lisbon/PT
- B2 Medial (Symphysis pubis, Adductor tendons)
B. Gonçalves, Porto/PT
- B3 Lateral (Greater trochanteric bursa, Gluteal tendons, ITB)
D. Orlandi, Genoa/IT
- B4 Posterior (Ischial bursa, Hamstring origin, Sacro-iliac joints)
A. Klausner, Innsbruck/AT

11:00-13:10

MSK Intervention Course – Theoretical Part (Group 2)

- 11:00 Introduction
M. Obradov, Nijmegen/NL
- 11:10 How to set up for an injection around the hip (sterile technique, should we use probe covers – what is the evidence?)
R. Prada, Vigo/ES
- 11:25 Risk of hemorrhage and anticoagulation
H. Gupta, Leeds/UK

Drugs around the hip and groin

- 11:40 Corticosteroid – what is the evidence, the risks, side effects and benefits
M. Taljanovic, Tucson/US
- 11:55 Sodium hyaluronate – what is the evidence, risks and benefits
A. Bazzocchi, Bologna/IT
- 12:10 PRP – what is the evidence, risks and benefits
J. Jacobson, Ann Arbor/US

Other techniques

- 12:25 PNT (Percutaneous needle tenotomy)
M. Obradov, Nijmegen/NL
- 12:40 Other treatments-prolotherapy, ozone, botox, traumeel
J. Gielen, Antwerp/BE
- 12:55 What to do with the patient who does not respond to their Injection
D. Wilson, Oxford/UK

11:00-13:10

MSK Intervention Course – Hands on Part (Group 1)

- A1 Anterior (Hip joint, Iliopsoas bursa, Lateral femoral cutaneous nerve of the thigh)
P. Aparisi, Valencia/ES
- A2 Medial (Symphysis pubis, Adductor tendons)
J. L. del Cura, Bilbao/ES

- A4 Posterior (Ischial bursa, Hamstring origin, Sacro-iliac joints)
L. Sconfienza, Milan/IT
- B1 Anterior (Hip joint, Iliopsoas bursa, Lateral femoral cutaneous nerve of the thigh)
P. Alves, Lisbon/PT
- B2 Medial (Symphysis pubis, Adductor tendons)
B. Gonçalves, Porto/PT
- B3 Lateral (Greater trochanteric bursa, Gluteal tendons, ITB)
D. Orlandi, Genoa/IT
- B4 Posterior (Ischial bursa, Hamstring origin, Sacro-iliac joints)
A. Klausner, Innsbruck/AT

SPA WORKSHOP – 08:30-12:30: Group 1 / 14:00-18:00: Group 2

08:30-12:30

Course Moderators: *R. Lambert, Edmonton/CA; W. Rennie, Leicester/UK*
Co-Moderator: *L. Jans, Ghent/BE*

- 08:30 MRI for Axial Spondyloarthritis: Why is the Radiologist so Pivotal to the Care of the Rheumatologist's Patient?
W. Maksymowych – Professor of Rheumatology, Alberta/CA
- 09:00 Early SpA
- 10:30 Coffee Break
- 10:50 Advanced SpA

14:00-18:00

Course Moderators: *R. Lambert, Edmonton/CA; W. Rennie, Leicester/UK*
Co-Moderator: *M. Reijnen, Leiden/NL*

- 14:00 MRI for Axial Spondyloarthritis: Why is the Radiologist so Pivotal to the Care of the Rheumatologist's Patient?
W. Maksymowych – Professor of Rheumatology, Alberta/CA
- 09:00 Early SpA
- 10:30 Coffee Break
- 10:50 Advanced SpA

MASTER CLASS ON HIP IMAGING – 14:00-18:00

- 14:00 MRI of the hip
R. Sutter, Zurich/CH
- 14:45 Imaging the pediatric hip
N. Herregods, Ghent/BE
- 15:30 MARS MRI of the hip
J. Fritz, Baltimore/US
- 16:15 Coffee Break
- 16:30 MR Neurography around the hip and pelvis
S. Ahlawat, Baltimore/US
- 17:15 Symphysis pubis and sports injuries of the pelvis
P. Robinson, Leeds/UK
