

ESSR Member Spotlight

Meet Philip Robinson

Role in ESSR: President

Institution: Leeds Teaching Hospitals

Based in: Leeds

ESSR Member since: 2001

8 Quick Questions

- 1. In one sentence: who are you?** - A MSK Radiologist who loves this subspecialty.
- 2. Your “can’t-live-without” sequence or technique in MSK imaging?** - T2wFS.
- 3. Your biggest time-saver on a busy reporting day?** - Coffee and my report templates.
- 4. When do you definitely prefer dynamic ultrasound over MRI?** - Rotator Cuff Imaging.
- 5. Best career advice you’ve ever received?** - Not necessarily from a radiologist or doctor – you should do a job because you want to do it and treat others as you expect to be treated.
- 6. Your turning point in radiology (2–3 sentences)?** Deciding on MSK radiology in my fourth year as a resident and then applying for my fellowship in Toronto – that experience allowed me to totally commit, and I received so much teaching, friendship and kindness from the staff there.
- 7. A fun fact not on your CV?** A keen sportsman but not very good at any – still searching for the one!
- 8. Why ESSR matters to you (in one line)?** - From the day I joined I have found it the most friendly, encouraging and inclusive professional society. That should be protected at all costs.
